Dear BMW friends and riders,

Welcome to Ulis Motorradladen!

Thank you for your interest in our products for older BMW motorcycles. This is our latest edition of an English version of our catalog, we hope this edition will help you locate your parts more easily. Parts descriptions are translated in English language. We apologize for mistakes beforehand.

A note to owners of BMW motorcycles built after 1969: We stock nearly all spare parts for these models and we have a catalog for them exclusively. All catalogs are available for download from our web-site as zipped .pdf files. All software tools to unzip and read them are free and readily available.

In this catalog you'll see each part category preceded by a diagram. By cross-referring a part description with the picture in the diagram, we hope to eliminate misunderstandings and incorrect part orders. The diagrams and listings also show that we do indeed keep all parts for old BMWs in stock and ready for shipment.

Please notice that we offer many used parts. We do not sell junk—rather good, useable parts. For example, if you order a used crankcase breather for a R60/6, the part you receive will in no way be inferior to a new factory part. The price of a used part is generally half the price of the new part. Exceptions to this are rare parts that are no longer available.

We are a customer-oriented company. If you have technical questions regarding your BMW we are happy to answer them. We have been riding, servicing and selling old BMWs for years—we are experts regarding what we sell. We answer all inquiries in the order they are received and as soon as possible. Suggestions are always welcome!

Terms and Conditions

The shipping-cost will be charged according to the conditions displayed in a list you will find on our website under www.ulismotorradladen.de or in conjunction with an online-order you place.

The forwarder and the shipping-method we will determine for you, depending on the nature of the goods you buy.

All shipments however are insured against loss.

The payment-method „COD cost on delivery“ will result in an extra fee (see shipping-cost list).

Online-orders include the shipping-cost and all additions and will be processed when you confirm the order.

Please notice:

Every order will result in shipping-cost, no matter if you order few or many items. No shipment will be transport-fee free.

The shipping-cost includes the German VAT in any case, which is no error.

The average runtime within Germany is 1-5 labourdays.

The average runtime in foreign countries varies from 5-60 labourdays, depending on the destination.

Due to specific conditions in the land of the destination (holidays, weather-conditions, legal conditions) delays can occur and cannot be influenced by Uli's..

Uli's cannot guarantee that the parcel will arrive in time. The shipping-companies themselves do not guarantee the delivery within the standard-runtime, unless you do not order additional service performances.

Special shipping-performances can be ordered, resulting in additional freight-cost, such as EXPRESS-shipments or courier services. The cost and the equivalent conditions can be asked for at Uli's helpdesk.

We are capable to ship complete motorcycles, sidecars and combinations as well. Cost and delivery conditions under request.

If you send in components of motorcycles for reparation, please do not forget to include a detailed description of the labour you want us to perform. Without such a description, the work cannot be done.

Exchange

The condition for an exchange of a commodity is that the goods have returned to Uli's.

Reclamation

Everything you buy at Uli's includes „Gewährleistung“, which means that you have the right to claim a broken, defective or unfunctional product alt Uli's up to a period of 24 months, but only if we had sent the part to you. If you had picked up the commodity in our shop locality, the right is invalid.

The right mentioned above is valid 12 moths only if the commodity is secondhand.

Of course we inspect all secondhand and used parts thoroughly before we sell them.

In case of a righteous reclamation of goods, Uli's will cover all transportation-fees, also for their return.

Your shipmets to us

will be accepted under the condition that the transportation-fee has been paid for. Shipments that include a duty for Uli's will be refused. Exemptions are made if the return is subject to an agreement with Uli's.

If it should be your wish not to expend transportation-fees prior to the return, we would like you to get in contact with us.

Uli's has means to organize reasonable collect-services. If you should fail to contact us before you send in a parcel with a duty for Uli's, we would probably deduct the cost from later refunds. Please do not send „unfree“ parcels!
